ABOUT US - THE IDEA

The company

As a little boy, the founder and manager of **PearlGolf**, Benjamin Holzner, was passionate about fishing golf balls from ponds in a golf club near his home. He improved his pocket money.

Some years later, in **2009**, his hobby became his profession. **Benjamin Holzner founded PearlGolf.**

In the heart of Bavaria

Over the years, the demand for lake balls increased and Benjamin Holzner founded a limited liability company. PearlGolf moved to Eching, **not far away from Munich.**

From the very beginning, our main focus was on **fair prices**, customer-oriented service and premium quality management. PearlGolf has made good progress and gained a foothold on **international markets.**

Lake balls are a good alternative for expensive golf balls

Since large and international lake ball resellers are among our customers and customer satisfaction takes priority in our company, we decided to make intern restructure and incorporated **IndependentGolf** into **PearlGolf.**

We are convinced that golf balls do not have to be expensive. **Lakeballs** are the **best alternative** to high-priced and new golf balls.

RECYCLED GOLF BALLS

SUSTAINABLE AND ENVIRONMENTALLY FRIENDLY

Buying **used golf balls** reduces costs. Non-recovered golf balls could become a serious problem for the environment. Together with our **divers** and **partner golf clubs** we contribute significantly to the environment protection.

Every year we recover **about 7,000,000-10,000,000 golf balls** which is equivalent to **460 tons of recycled plastic** per year.

USED GOLF BALLS -
LET'S REDUCE PLASTIC TOGETHER.

For the sake of the environment.

GOLF COURSE RECOVERY SERVICE

Our service

Our partner golf clubs benefit from the golf ball diving service. They get a profitable passive income. Since we founded our company, more than **65,000,000 golf balls** have been recovered and therefore our partners received some million Euros.

Get this additional and lucrative income without much effort.

Cooperation

The ponds and lakes on your golf course do have to be recovered from the „**white gold**“? Work with us and benefit from our product catalog. Additionally, we offer a wide range of **PearlGolf's private label** articles. Get them for set-off.

Of course, we can agree either on a yearly fixed sum or on the amount per golf ball.

FIND THE RIGHT METHOD FOR YOUR NEEDS:

TRADITIONAL DIVING

Our divers are equipped with a **scuba tank** and a **net**.

In the water, they explore the balls by hand contact.

GOLF BALL ROLLER FOR LINER PONDS

A roller made of plastic discs is pulled by hand and with a rope through the pond. The balls collected remain in the roller and are removed by hand.

This **method**, which is developed for liner ponds, is a **very efficient technique**. Due to the highly efficient effect, we are able to recover up to 50 % more golf balls compared to conventional diving techniques.

GOLF BALL ROLLER FOR NON-LINER PONDS

Especially in very cold waters or in winter we apply this method. A **specially developed roller** is pulled through the pond with two rope winches in order to collect the golf balls.

Of course, the technique is applied by **our experts** to recover the balls in a safe and smooth way.

IndependentGolf is internationally operating and can draw up years of experience. This is the reason why we are able to recover **up to 50 % more balls** and thus maximize the income of the golf club.

Due to the wide range of methods we offer, we are perfectly prepared to handle any kind of situation.

CUSTOMISED TEE OFF PRESENTS – THE RIGHT PACKAGE FOR EVERY SINGLE NEED

Clamshell is perfect for pro shops

The resealable Clamshell package is very functional and thus ideal for pro shops and retail stores.

Due to its design the package can also be presented at the sales counter.

Personalised Clamshell packages

To store the tee off presents or to use in the pro shop, the personalised Clamshell packages are made for a perfect presentation of golf items. There are no limits for the use of the package.

Personalised tee off presents

In the **tee off present** there are three golf balls of your choice in a classy looking plastic tube. Enclosed there are 20 high-quality wooden tees and a microfiber towel in a colour of your choice.

If you desire, we print the golf balls with your company logo.

PERSONALISED GOLF BALLS

Give your balls a personalised character: from one dozen to any wanted quantity.

The **UV digital print**, also known as UV direct printing, is one of the **most modern** and **future-oriented** printing processes. The ink does not dry in the surrounding air but is hardened with UV light directly after application to the surface. The UV digital print is available from one dozen.

Whether it is a company logo or a photo – we are able to print the motif you desire in high-quality photo print due to the latest technology we use.

Stencils specially designed by us and manufactured using the latest laser technology, ensure that **the golf balls are held safely** and **gently** during the printing process.

Since the balls are aligned by hand, position might deviate very slightly in some cases.

OUR TEES

IN THREE LENGTHS

Our **premium bamboo golf tees** are very robust and of course eco-friendly as they are **100 % biodegradable** and do not harm our ecosystem in any way.
